# The Management Process

# Human Resource Management at Work

- ▶ **What Is Human Resource Management (HRM)?**
  - ▶ The process of acquiring, training, appraising, and compensating employees, and of attending to their labor relations, health and safety, and fairness concerns.
- ▶ **Organization**
  - ▶ People with formally assigned roles who work together to achieve the organization's goals.
- ▶ **Manager**
  - ▶ The person responsible for accomplishing the organization's goals, and who does so by managing the efforts of the organization's people.

# Human Resource Management Processes

# Personnel Aspects of a Manager's Job

Conducting job analyses

Planning labor needs and recruiting job candidates

Selecting job candidates

Orienting and training new employees

Managing wages and salaries

Providing incentives and benefits

Appraising performance

Communicating

Training and developing managers

Building employee commitment

# Personnel Mistakes

Hire the wrong person for the job

Experience high turnover

Have your people not doing their best

Waste time with useless interviews

Have your company in court because of discriminatory actions

Have your company cited by labor inspectors for unsafe practices

Have some employees think their salaries are unfair and inequitable relative to others in the organization

Allow a lack of training to undermine your department's effectiveness

Commit any unfair labor practices

# Basic HR Concepts

- ▶ The bottom line of managing:  
*Getting results*
- ▶ HR creates value by engaging in activities that produce the employee behaviors that the organization needs to achieve its strategic goals.
- ▶ Looking ahead: Using evidence-based HRM to measure the value of HR activities in achieving those goals.

# Line and Staff Aspects of HRM
